C. Representation of Clients

All attorneys representing parties to this litigation, regardless of their role in the management structure of the litigation and regardless of this court's designation of Lead and Liaison Counsel, a Plaintiffs' Executive Committee and a Plaintiffs' Steering Committee, continue to bear the responsibility to represent their individual client or clients.

Going forward, the court reiterates its expectation that the lawyers in this complex civil action will devote their best efforts toward cooperation and positive interaction, a course of action that will doubtless lead to the service of their clients' best interests and the fair and orderly disposition of this litigation.

D. Procedural and Discovery Issues

A number of procedural and discovery issues were presented to the court as part of the proposed agenda for the initial hearing including: master complaints, short form complaints and defendants answers thereto, fact sheets, preliminary motions, production of documents and medical records, privilege log protocol, protective orders, preservation of evidence, redaction protocol, ESI protocols, amendment of pleadings, issues as to proper party defendants and service of process issues. The court directed the parties to continue to meet and confer about these important foundational issues and to have proposals pertaining to them at the time of the next scheduled status conference.

Counsel were advised that lead counsel will be required to attend case management conferences and hearings in person. Status conferences will henceforth be scheduled approximately every 45 to 60 days. The date of the next status conference will be forthcoming in a PTO after consultation with lead counsel appointed at the initial hearing.

Judge Stanley advised counsel of her general expectations during the discovery process. Counsel was directed to use the orders and protocols previously developed and entered in MDL 2187 *In re C. R. Bard, Inc., Pelvic Repair System Products Liability Litigation* when making proposals on procedural and discovery issues in this MDL and the other pelvic mesh MDLs. The court urged the parties to be creative and devise proposed approaches to discovery which will accomplish discovery of the material facts in an efficient and economical manner.

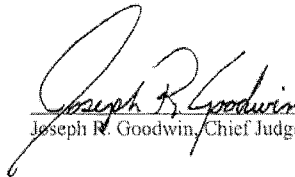

E. Coordination with State Pelvic Mesh Cases

The court advised counsel of its intention to coordinate to the extent possible with the judges and counsel involved in state pelvic mesh cases, especially in states where a majority of the state cases have been filed and coordinated to date.

The court **DIRECTS** the Clerk to file a copy of this order in 2-12-md-2325 and it shall apply to each member related case previously transferred to, removed to, or filed in this district, which includes counsel in all member cases up to and including civil action number 2-12-cv-01128. In cases subsequently filed in this district, a copy of the most recent pretrial order will be provided by the Clerk to counsel appearing in each new action at the time of filing of the complaint. In cases subsequently removed or transferred to this court, a copy of the most recent pretrial order will be provided by the Clerk to counsel appearing in each new action upon removal or transfer. It shall be the responsibility of the parties to review and abide by all pretrial orders previously entered by the

court. The orders may be accessed through the CM/ECF system or the court's website at www.wvsd.uscourts.gov.
