

**IN THE UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF WEST VIRGINIA**

CHARLESTON DIVISION

IN RE: COLOPLAST CORP. PELVIC SUPPORT
SYSTEMS PRODUCTS LIABILITY LITIGATION

MDL 2387

THIS DOCUMENT RELATES TO CASES
LISTED ON EXHIBIT A

**PRETRIAL ORDER # 103
(First Amended Docket Control Order – Coloplast Wave 1 Cases)**

It is **ORDERED** that PTO # 102 is amended to (1) add a Plaintiff Fact Sheet Deadline; and (2) correct minor typographical errors. To date, leadership counsel for plaintiffs and defendants in this MDL, which was assigned to me in 2012, have agreed upon a settlement track for resolution of cases in this MDL. The parties have reported substantial progress in settlement of the cases in this MDL (as well as cases not filed in the MDL), leading me to stay discovery. More recently, I have advised the parties on several occasions that as of June 1, 2016, I would begin working up these cases for trial if further progress was not achieved in this MDL and that any docket control order entered would contain tight deadlines.¹ To that end and by PTO # 100, the parties jointly identified a list of the cases by name and number that remain in MDL 2387. From that list, I have chosen 240 cases naming Coloplast only as a defendant. The cases are identified on the attached Exhibit A and will be known as the “Coloplast Wave 1 cases.” It is **ORDERED** as follows regarding the Coloplast Wave 1 cases:

¹ I note that with the 2015 amendments to the Federal Rules of Civil Procedure, Rule 1 states that the Rules “should be construed, administered, and employed by the court and the parties to secure the just, speedy, and inexpensive determination of every action and proceeding.” I find that the instant docket control order is necessary to accomplish my duties as an MDL Judge and is in keeping with Rule 1.

A. SCHEDULING DEADLINES. The stay of discovery contained in PTO # 100 is lifted as to the Coloplast Wave 1 cases, and the following deadlines shall apply:

Plaintiff Fact Sheets.	08/19/2016
Defendant Fact Sheets.	09/19/2016
Deadline for written discovery requests.	10/24/2016
Expert disclosure by plaintiffs.	10/10/2016
Expert disclosure by defendants.	11/07/2016
Expert disclosure for rebuttal purposes.	11/23/2016
Deposition deadline and close of discovery.	12/07/2016
Filing of Dispositive Motions.	12/27/2016
Response to Dispositive Motions.	01/10/2017
Reply to response to dispositive motions.	01/17/2017
Filing of <i>Daubert</i> motions.	01/09/2017
Responses to <i>Daubert</i> motions.	01/23/2017
Reply to response to <i>Daubert</i> motions.	01/30/2017
Filing of Motions in Limine	03/06/2017
Response to Motions in Limine	03/13/2017

1. **Discovery Completion Date.** The last date to complete depositions shall be the “discovery completion date” by which all discovery, including disclosures required by Federal Rule of Civil Procedure 26(a)(1), and (2), but not disclosures required by Federal Rule of Civil Procedure 26(a)(3), shall be completed.

2. **Limitations on Interrogatories, Requests for Admissions and Depositions.** The following limitations apply:

- a. Defendants are limited to 10 interrogatories and 10 requests for admission per plaintiff.
- b. Plaintiffs are limited to 10 interrogatories and 10 requests for admission to the defendants.
- c. In each individual member case, no more than 4 treating physicians

may be deposed.²

- d. Depositions of plaintiff's friends and family members may be taken at any time prior to trial provided the deposition is requested before the discovery completion date.
- e. Depositions of any witness are limited to 3 hours absent agreement of the parties.
- f. The court will consider modifications to the above limitations upon good cause shown.

3. **Limitations on Experts.** The following limitations related to experts apply:

- a. The parties may conduct general and specific expert discovery on the products at issue in Coloplast Wave 1. In light of the common products involved in Coloplast Wave 1, the likelihood of overlap in expert opinion from one case to another (except as to specific causation) and the need to streamline discovery in these cases in keeping with Rule 1 of the Federal Rules of Civil Procedure, **each side is limited to no more than five (5) experts per case (exclusive of treating physicians)**. It is the court's expectation that these experts will overlap for plaintiffs who have the same product(s), to some extent, if not entirely.
- b. The parties shall coordinate the depositions of general causation experts. Insofar as multiple plaintiffs utilize the same general causation expert or

² To the extent disputes arise regarding the division of time between the parties for the deposition of treating physicians (three hours total absent agreement), I will address those disputes, rather than the assigned Magistrate Judge, Judge Eifert.

experts, those experts shall be deposed only once on the issue of general causation. As to Coloplast's experts, plaintiffs are instructed to choose a lead questioner.

- c. The court encourages the coordination of depositions of specific causation experts to the extent there is overlap in the parties' use of specific causation experts for multiple plaintiffs.
- d. The court will consider modifications to the above limitations upon good cause shown.

B. MOTION PRACTICE.

1. ***Daubert* Motions.** For the filing of *Daubert* motions on general causation issues only, the parties are instructed to file one *Daubert* motion per expert in the main MDL (MDL 2387) instead of the individual member case. The motion must include an exhibit identifying those Coloplast Wave 1 cases to which the motion applies. Each side may file one response and one reply in the main MDL to each *Daubert* motion. This limitation does not apply to specific causation *Daubert* motions, responses and replies. Specific causation *Daubert* motions, responses and replies must be filed in the individual member cases. To the extent an expert is both a general and specific causation expert, the parties may file a general causation motion in the main MDL 2387 and an individual specific causation motion in an individual member case.

2. **Motions in limine.** Motions in limine are limited to 3 pages each, responses are limited to 2 pages each. The court expects the parties to file motions in limine only for the purpose of precluding highly prejudicial statements in opening or closing statements or

questions at trial that, once heard by the jury, cannot be easily cured by an instruction to disregard. The court will not provide advisory opinions on the admissibility of evidence a party may offer at trial and will summarily deny those motions as premature.

3. **Hearings.** Hearing dates for dispositive and *Daubert* motions and motions in limine, if any, will be set at a future status conference.

4. **Page Limitations.** The page limitations provided in Local Rule of Civil Procedure 7.1(a)(2) apply to memoranda in support of all dispositive and *Daubert* motions, oppositions, and replies, and the court will not be inclined to grant motions to exceed the page limit.

5. **Confidential Documents.** In the past, the court has permitted parties to file placeholder exhibits in support of *Daubert*, dispositive and other motions, responses and replies in the place of confidential documents that may be sealed and then, within five days, redact/dedesignate the documents or file a motion to seal. *Moving forward, the court will no longer permit this practice. Parties may no longer file placeholder exhibits.* The court expects leadership counsel for plaintiffs and the defendants to resolve issues related to confidential designations well before the filing of motions. Filings containing placeholder exhibits will be struck. In the event there are issues related to sealing of confidential documents that the parties are unable to resolve, they must be brought to the court's attention in a consolidated manner as follows: A consolidated motion to seal is due on or before **November 7, 2016**, any response is due **November 21, 2016**, and any reply is due **November 28, 2016**.

6. **Locations of Filings.** With the exception of the general causation *Daubert* motions as outlined above, the parties are reminded that they must file dispositive and *Daubert*

motions on specific causation, responses and replies in the applicable member cases only, not in the Coloplast MDL.

C. CASES READY FOR TRANSFER, REMAND OR TRIAL

1. **Venue Recommendations.** By no later than **October 4, 2016**, the parties shall meet and confer concerning the appropriate venue for each of the cases, and the parties shall submit joint venue recommendations to the court by **October 14, 2016**. The parties' joint recommendation(s) shall identify the cases about which the recommended venue is in dispute. The court may then request briefing concerning the venue for those cases about which the parties disagree. Each party reserves the right to object to the venue selected by its adversary or the court.

2. **Transfer and Remand.** At the conclusion of pre-trial proceedings, the court, pursuant to PTO # 15 and 28 U.S.C. § 1404(a), will transfer each directly-filed case to a federal district court of proper venue as defined in 28 U.S.C. § 1391. In the alternative, pursuant to PTO # 15 and 28 U.S.C. § 1407, cases that were transferred to this court by the MDL panel shall be remanded for further proceedings to the federal district court from which each such case was initially transferred.³

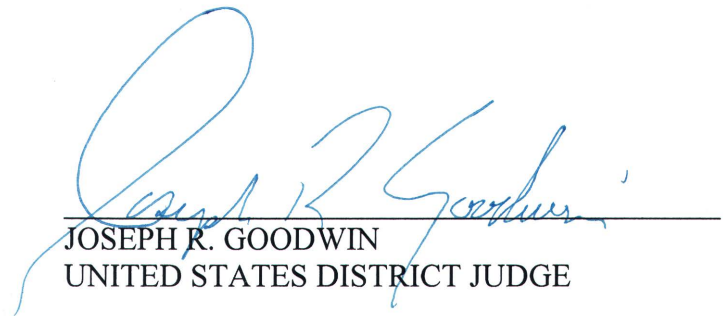

3. **Trial Settings.** If a case is to be tried in the United States District Court for the Southern District of West Virginia (either by agreement of the parties or where venue in the Southern District is determined to be proper by the court), the case shall be deemed trial-ready when discovery is completed and the court rules on the parties' pretrial motions.

³ As expressly contemplated by PTO # 10, the defendants do not waive their right to seek transfer—pursuant to 28 U.S.C. § 1406(a) or any other available ground—of any case to a court of proper venue, regardless of whether that case was transferred to or directly-filed in the Southern District of West Virginia.

The trial date for cases transferred or remanded to other federal district courts shall be set by the judge to whom the transferred or remanded case is assigned (including the undersigned through intercircuit assignment).

The Court **DIRECTS** the Clerk to file a copy of this order in 2:12-md-2387 and in the Coloplast Wave 1 cases identified in Exhibit A and to identify each case on Exhibit A as a Coloplast Wave 1 case. In cases subsequently filed in this district after 2:16-cv-05113, a copy of the most recent pretrial order will be provided by the Clerk to counsel appearing in each new action at the time of filing of the complaint. In cases subsequently removed or transferred to this Court, a copy of the most recent pretrial order will be provided by the Clerk to counsel appearing in each new action upon removal or transfer. It shall be the responsibility of the parties to review and abide by all pretrial orders previously entered by the Court. The orders may be accessed through the CM/ECF system or the Court's website at www.wvsd.uscourts.gov.

ENTER: June 10, 2016
